

**TECHNICAL DATA SHEET**

**SELF-SHINING EMULSION POLISH  
CLEAR - CONCENTRATED - AQUEOUS**

**0244**

**PRODUCT INTRODUCTION**

This emulsion, with natural Carnauba wax, is used on parquet floors and wood pretreated with our 0270 or 0570 treatments.

**APPLICATION**

This wax can be applied manually or industrially.

**Manual Application:** by brush, sprayer or paint roller, in 1 or 2 thin, even coats. After drying, polish with a brush or cloth.

**Industrial Application:** by spraying or with a roller machine, in 1 or 2 coats. Possibility of drying tunnel. Polish with a brush.

**Important:** Let it dry thoroughly between each coat.

**MAINTENANCE**

The treated floor can be maintained by new applications of 0244 wax.

**CLEANING THE TOOLS:** with water

**PACKAGING:** 1 L - 5 L - 30 L and more

**SAFETY:**

- ✚ Wear rubber gloves
- ✚ Do not swallow
- ✚ Keep out of reach of children
